| | | denominator |

Measurement (Time, Mass, Length, Capacity, Money)

Time

| | | |
|---------------|---------------------------------|-----------|
| analogue | five/ten/ $\frac{1}{4}$ past/to | clockwise |
| anticlockwise | | |

Mass

| | |
|------|----------|
| gram | kilogram |
|------|----------|

Length

height
centimetre

width
millimetre

metre

Capacity

litre

millilitre

Temperature

degrees

Celsius

thermometer

Money

price
change

cost

amount

Geometry

Shape Properties

vertical
edges
polygon
symmetry

horizontal
faces
prism

vertices
quadrilateral
cone

Position and Direction

straight
rotation

curved
angle

rotate
right angle

Statistics

pictogram
table

tally chart
data

block graph
category
